EXPECT 1000 TO ATTEND GALA CHAMBER OF COMMERCE PICNIC AT LOVCHEN GARDEN ON SUNDAY

Band Concert, Games, Races And Dancing Are To Be Main Features

Dancing, games, contests, a band concert, horse shoe tournament, bowling—and to top it all off, free refreshments—such will be the order of the day Sunday at Lovchen Garden, where the new Daly City Chamber of Commerce will stage its first big affair, a gala picnic.

Every Daly City resident is invited to attend and to bring his and her friends. For those who do not have autos a bus will run every half hour from the top of the hill to the garden and furnish free transportation to those wishing to attend the affair.

The Daly City Band is scheduled to start an excellent program of music at 11 a. m. They will stop playing at 12 o'clock, then resume the concert at 1 p.m. and play 'til 2. Following is the concert program:

(1) March, "Gateway to the Peninsula," Daly City official march, George Brenner.

(2) Fantasia, "Sunny Spain," Karl King.

(3) Trumpet solo, "Thy Heart, Thy Sweet Voice," Saint Saens. (Barney Volpert)

(4) "The Blue and Gray Patrol," Dalbey.

(5) Intermezzo, "In a Moonlight Garden," Karl King.

(6) March, "Gloria," Losey.

Intermission

Continuing at 1 p. m.

(7) March, "Land of Moa," Lithgow.

(8) Selection, "The Firefly," Friml.

(9) Valse scherzo, "Toronto Bay," composed and played by His Majesty's Canadian Grenadier Guards Band on coast to coast network, Gagnier.

(10) March, "Haustrausers," Chambers.

(11) Selection, "The Dollar Princess," Leo Fall.

(12) March, "Semper Fidelis," Sousa.

Finale, "The Star Spangled Banner."

The band is planning a series of monthly fall and winter concerts to be given free to the citizens of our community. Vocal and instrumental soloists will be featured as an additional attraction.

DANCING

Union music by Johnny Dell's orchestra will be played for dancing in the large casino from 2 till 6

LIGHTS UP THEN LIGHTS OUT

Passionate desire for a few puffs on a cigarette, brought death, last Saturday night, to a young automobile driver.

Fred Bussenius, 17, 119 Hale street, San Francisco, was pronounced dead upon arrival at Mills Memorial Hospital, Saturday night of last week, after his car plunged into a guard rail on the Ocean shore highway one-half mile south of the Sharps Park golf course.

Young Bussenius was killed when his car plunged out of control as he searched on the car floor for a lighted cigarette he had dropped. The machine ploughed into the guard rail, spun into the air and a piece of rail ripped into the drivers' abdomen, pinioning him behind the steering wheel.

The youth retained consciousness while men who appeared on the scene sawed away the wood that pierced him. He was conscious until lifted from his car. Taken to the hospital shortly after 11:30 o'clock, he was pronounced dead upon arrival. The accident occurred at 10:40 o'clock.

The tragedy came as an aftermath of a lively weenie roast some thirty San Francisco youths had been enjoying on the coastside beach.

Two young people riding with Bussenius, Phyllis Long, 18, and John Dobbins, 18, both of San Francisco, were uninjured. The three were driving toward San Francisco.

Bussenius was the son of Mrs. Anna Huhn, a nephew of Mr. and Mrs. Johns of Mission street, Daly City, and a cousin of Mrs. Roy Clark of Santa Barbara avenue.

HIGH ENCOMIUMS FOR JUDGE WADE CLAY

As testimony of the ability and efficiency of the incumbent justice of the peace of the First Township, Judge Wade H. Clay of Daly City, we wish to add our commendation in supplement to praises given by various newspapers throughout San Mateo County.

Judge Clay is a man well grounded in the law and possesses a mind well balanced in judicious characteristics enabling him to properly cope with the varied problems of a judicial nature with which he is called on to deal. His integrity is unimpeachable and he is well fitted to fill the responsible office which he has so well and ably administered for the past four years. We bespeak for him the support of a very large majority of the voters of the First Township, where the judge is well known and highly respected by all.

Below we reprint an editorial, captioned "Judge Wade H. Clay," appearing in the issue of August 12 in the South San Francisco Enterprise. The article reads as follows:

"JUDGE WADE H. CLAY"

"We pay tribute today to a citizen of the First Township whose quiet, efficient performance of his duties for the past many years has generally gone without adequate recognition. The reason for his lack of publicity probably lies in the fact that few persons have been displeased with the manner in which he has conducted his important office in South San Francisco.

"The man to whom we refer is Honorable First Township Justice Wade H. Clay. Four years ago Mr. Clay was swept into office with a comfortable majority and no information has come to our desk that would indicate that he should not be returned to the same office with a greater popular vote on August 30.

"Examine his well systemized offices both here and in Daly City; ask your friends what they think of the Clay character, and we have little doubt that you will mark a cross behind the name of Wade H. Clay, Justice of the Peace, First Township."

PTA WILL GIVE SWIM INSIGNIAS SAT AFTERNOON

Large Crowd Grammar Boys And Girls Finish Summer Recreation Program

On Saturday afternoon of this week the Crocker and Woodrow Wilson P. T. A. will award more than 125 swimming insignias to local grammar school boys and girls who are completing a summer recreation program sponsored by the Daly City Record at the new Jefferson Union High School pool.

Boys and girls have gone swimming once each week at the high school. Any local grammar school child who successfully demonstrates swimming fundamentals will be awarded a felt swimming insignia by the Parent Teachers Association.

Officers who will officiate in making the awards are:

Crocker School—Mrs. V. Davidson, president; Mrs. V. Pohlka, Mrs. M. Jacobi, Mrs. O. Kinsey and Mrs. Ann Eason.

Woodrow Wilson School—Mrs. L. Saston, president; Mrs. L. Thome and Mrs. M. Linden.

A swimming exhibition has been arranged for 1:30 p. m. During the exhibition awards will be made.

All local residents and friends are invited to attend the affair.

Peterson And Clay Win Endorsement

It has been announced by its secretary that the Five Township Club, at a recent meeting, voted to endorse the candidacies of Frederick Peterson for county executive and Judge Wade H. Clay for justice of the peace of the First Township.

Ledge Sitter's Death Leap Foiled By Rescuers

Foiled in an attempt to plunge to her death after sitting on a tenth floor window ledge, Noreen Leonard Macy, 24, was booked on a charge of intoxication in San Diego, Cal.. The attractive young woman was perched precariously on the ledge for almost an hour before a fireman and a civilian snatched her back to safety. Several times she threatened to leap, shouting at hundreds of spectators below, "Will you get out of the way? I don't want to hurt you." Photo shows the woman as she sat on the edge ten stories above the street.

OUR CITY DADS ACT ON BUDGET FOR FISCAL YEAR

Interview Department Heads To Predetermine Plan Of Expenditures

At an adjourned regular meeting of the City Council of Daly City, Thursday evening of last week, the first complete budget for the city ever to be presented to that body for action, was finally adopted.

The principal purpose of this budget is to enable the City Council to predetermine a plan of expenditures for the coming year; to confine such expenditures to items which will best serve the interests of the city as a whole; and to devise ways and means to raise funds necessary for the efficient and economical administration of the city, keeping constantly in mind the necessity of holding the tax rate as low as possible commensurate with the requirements of a growing city.

In presenting the budget to the council Mayor Paul G. Selmi said:

"Ours is a growing city and we, its councilmen, are duty bound to do all in our power to encourage and hastened the continued growth of Daly City and the corresponding increase of its population. The 1939 Exposition will attract people from all over the United States, and every visitor is a prospective permanent resident of California. If Daly City offers attractions at least equal to those of other cities and towns in this vicinity, then we can expect a fair share of these new residents. It was for this reason last year that the people voted bond issues for improvements to the fire alarm system, and the construction of an adequate city hall. And it is for this same reason that there are included in this year's budget several relatively large items for the extension and improvements of our parks and play grounds, and for the improvement and maintenance of the city library."

ROOSEVELT IS STILL POPULAR

President Roosevelt's campaign trip across the continent and a vacation of sea fishing and sun tan brought no net change in his national popularity with American voters, according to the latest monthly presidential index of the American Institute of Public Opinion, New York City.

Recently the Institute's barometer showed his popular strength at 56 per cent—the same as last month. There were minor fluctuations of his popularity in various geographical sections—notably a slight rise in the Far Weserth area through which he traveled.

YOUNGEST VOTER IN CAYIFORNIA WILL CAST BALLOT AT AUGUST 30 PRIMARY

Although only twenty years old, Otho Davis of Arcata has registered and will vote for Governor Frank F. Merriam on August 30.

Otho was born August 31, 1917. He will, of course, be 21 on August 31, 1938. It would seem that under the California law, which requires that all voters be 21 before they cast their first ballot, Davis would miss one election.

However, he claims that one's legal birthday is one day before his actual birthday, and the California courts, according to the Arcata Union, have held that such is the case.

This will make Davis the youngest voter in the state. He says: "I am very happy to have this chance to cast my vote for Governor Merriam."

Another young Republican, too young to cast his ballot for the governor at the August 30 primary, but who will vote for him in the general election on November 8, is Talmage V. Burke of Alhambra.

Young Burke, a student at the University of Southern California, in a letter to the governor explained that along with his vote he would add the vote of 20 or 30 of his young friends, all students at the southern university.

OTTO DAVIS

CHARGE DRIVER WAS RECKLESS

Four people were injured in a two-car crash on the Mountain Home road, a quarter mile from Searsville lake, last Sunday.

Spencer Clark, 48, of the Gartland Hotel, San Francisco, suffered a compound fracture of the right leg and cuts and bruises when his car collided with one driven by Fred Willis, 30, of Lomita Park.

Willis suffered cuts and bruises. Riding with him were his wife, an expectant mother, who was uninjured, and Mrs. Florence Scott, 50, San Francisco, and Mrs. Lila Ronnal, 34, San Jose, both of whom suffered cuts and bruises.

A complaint charging Clark with reckless driving involving injury was issued Monday by the district attorney's office. It was signed by Willis.

Heat Kills Two In Eastern City

Eastern states sweltered in scorching discomfort, Tuesday of this week, with little prospects of relief from cooling winds and showers which brought normal summer temperatures to Central and Western United States.

Two persons had died in the East from heat prostration, one at Pittsburgh, where the mercury mounted to 92, and the other died at Buffalo, N. Y.

Many National Capital office workers were sent home as the mercury rose to 94 at 3 p. m.

TO BUY OR NOT TO BUY FIRE DISTRICT TRUCK

Question To Be Decided At Brisbane Election On August 27

Whether or not to validate a lease purchase contract to buy a new fire engine at the rate of $1500 per annum for five years will be decided by voters of the Brisbane Fire District at an election called for August 27.

A recent decision to call the election created a row in the fire commission, and resulted in the resignation of Chairman Norman R. Brown.

The San Mateo County Board of Supervisors was advised at their meeting this week that Brown would withdraw his resignation, and took no action on appointment of a successor.

Making Big Ones From Little Ones

Bert Barker took a $1000 dollar credit at the Watkins Glen Bank of New York state and said he had been saving the amount for five years, after the clerk had counted exactly 2000 fifty cent pieces.

"These have been around the house long enough," grunted the depositor, as he heaved the sixty pound package on the bank cashier's desk.

JEFFERSON UNION HIGH SCHOOL TO OPEN FALL TERM

Many Improvements Have Been Made During The Vacation Season

Jefferson Union High School will open on next Monday morning, August 22, at 8:15. There will be three new members of the faculty to greet the students: Robert V. Brand, a graduate of the State University in the department of Science and Mathematics; Dante Lembi, from the department of Modern Languages at Stanford; and John P. Mongan, from both California and Stanford. All three made enviable records in their college work and come to Jefferson with the highest recommendations in scholarship.

The work of remodeling the first floor of the main building to provide for the cafeteria has been going on steadily throughout the summer vacation period, and is now complete. A thoroughly modern equipment has been installed in the kitchen, and the dining room is furnished attractively.

With the exception of painting, practically all of the work has been done by the regular employes of the school, under the supervision of Mr. Nelson, who was recently appointed engineer of the swimming pool and gymnasium. The walls and partitions in the rooms were removed by the class in carpentry under the direction of their teacher, Truman Bentley, before school closed for the summer vacation. At a minimum cost to the district for material and equipment only, Jefferson is now in line with the most progressive schools in having a cafeteria where wholesome and appetizing foods are served to the students at the lowest possible cost.

The cafeteria will be in charge of Miss Mathilda E. Montieth, who received her training for this work at Stout Institute, Menominee, Wisconsin, with advanced study at the University of Wisconsin. Miss Montieth has had a wide and successful experience in cafeteria management.

Thursday and Friday of this week Mr. Harding and Mr. Mongan have been at the high school enrolling new students in preparation for the opening of classes on Monday morning.

Principal James Ferguson urgently requests parents to see that their children enroll promptly in all of their classes on the morning of the first day of school. "Late comers are always at a disadvantage" he says. "It is not fair to a boy to keep him out of school until the second or third or fourth day. By this time he has missed the introductory explanations necessary to get off to a good start."

SATURDAY NIGHT IS LAST RUNNING OF GREYHOUNDS

Rural Rebel Breaks Record For California Derby In Fast Time

Baden Kennel Club wil conclude its 1938 meeting tomorrow (Saturday) night with a special five-dog race between the fastest greyhounds developed at the meeting.

Interest in Pacific Coast greyhound racing reached an all-time high last Saturday when Rural Rebel, the Pacific Coast's "wonder dog," won the $1000 added California Derby in the fastest time since My Laddie set the world and track record for the five-sixteenths mile distance at Baden in 1932.

He "two-roped" the field, winning by eight lengths. His victory was worth $715 to Rural Rebel's owner, R. C. Davis. Second money, $375.50 went to Mrs. Myrtle Ringwald, owner of Wonderful Winner; third money, $214.50, to Ribert L. Wing, owner of Caperton, and fourth, $145, to Harry B. Shoots, owner of Mulligan.

Meanwhile a challenger to Rural Rebel for season's honors had developed in Bob's Start, owned by P. H. Prusel of Pasadena. This greyhound won five races in a row while Rural Rebel was going through the derby elimination races, and the contest between the two proved to be one of the high lights of closing week.

Both greyhounds were developed at Baden Kennel Club this season.

BRONCO BUSTERS IN LIMELIGHT AT FLORAL FIESTA

Leading Cowboys Of Nation Will Show Prowess In Three Day Rodeo

Bronco busters, trick riders, bulldogging experts—the tough, colorful and skillful characters who furnish the thrills of rodeos—will come from all over the West to take part in the three-day rodeo that is to be a feature of the San Mateo County Floral Fiesta this year.

Where slender-limbed, blue-blooded racing mounts usually hold the limelight—the racing turf of Bay Meadows track in San Mateo—hardy, quick-wheeling cow ponies will attract the rodeo crowd's attention.

Many of the nation's leading cowboys will take part in the rodeo, according to Henry Rowell, one of the promoters of the famed Salinas Rodeo.

Rowell conferred recently with the Fiesta commissioners on plans for the rodeo, which he will direct.

Special events on the rodeo program will be chariot races and Brahma steer races.

Meanwhile Ruth Arnold, well known Burlingame dancing instructor, was announced as director of the dancing in the Fiesta pageant, which is now in rehearsal, according to Director Lou Ashe.

The Fiesta will be held September 21 to 25.

FIRE PUTTERS OUT ON PICNIC

Sunday of this week was a red letter day "chock full" of everything needed to make a perfect picnic for the members of Station No. 4, Daly City Fire Department, including their wives, families and a few friends.

The merrymakers met at the fire house on Peoria street at 9 a. m. and from there the members of the party traveled in caravan down Evergreen avenue en route to Shelter Cove. As Mr. and Mrs. Victor Fenstermaker of Hanover street were celebrating their twentieth anniversary and on that account would not be numbered among the picnickers, the fire department group stopped at the couple's home to extend congratulations and present the pair with a white marble lamp. With a serenade of auto horns in parting, the parade continued on its way to the beach, where Chief Chef Arthur Bodien, in starched white apron, coat and hat, prepared the delicious forthcoming dinner, with George Augustien taking full charge of the potato roasting. Commissioner Jack Coleman and Captain Albert Sundstrom assisted in the serving, while Fire Chief Chesney and Police Chief Hilton furnished plenty of entertainment for the hungry guests, while the meal was being prepared. Baseball was enjoyed by the sons and daughters.

Plenty of time was spent over the bounteous repast and when the fog commenced to roll in from the ocean, the party broke up camp and returned to Daly City, enjoying the remainder of the afternoon playing games, until time to enjoy a second dinner. The enjoyable affair was climaxed by a watermelon feed.

The excusioners included the following knights with their wives and families; Chief of Police Barney Hilton, Fire Chief Andy Chesney, Assistant Chief Arthur Bodien, Commissioner Jack Coleman, Captain Albert Sundstrom, A. German Plane Sets Record On Home Hop; May Circle Globe

As the huge German transport plane Brandenburg reached itss home port in the record time of 19 hours and 55 minutes from Floyd Bennett Field to Tempelhop Airdrome, an air ministry spokesman admitted that another long disdance flight was planned but said "no information about it will be divulged in advance." Air General Erhard Milch said the flight was originally planned as a globe circling attempt, but the idea was abandoned when plans of Howard Hughes, American round the world flier, became known. On the return trip the Brandenburg bettered the record set by Wiley Post in 1933. His time was 5 hours and 50 minutes more than the Brandenburg's.

Matron Honored By Stork Shower

Mrs. Betty Brush of Los Olivos avenue entertained at a suprise stork shower, Tuesday evening of this week, in honor of her sister in law, Mrs. Dorothea Brush of Santa Cruz avenue.

The dining and living rooms were an art gallery, the walls being covered with various cartoons to imitate the guests. These were the clever work of Al Brush, husband of the hostess.

The guest of honor received many lovely and useful gifts for the expected baby.

Theo spresent were Mesdames C. Gunzel, H. Emerson, D. Donafro, M. Balestreri, A. Cullum, E., Schuler, M. Alviso, M. Domenici, J. Curtin, T. Cameron, V. Callan, L. Negherbon, Misses Nellie Gargan, Marcie Monette, Barbara Monette and Marie Pfiefer.

Air Traffic Is Gaining Steadily

United Air Lines flew a total of 11,003,436 revenue passenger miles during the month of July, representing an increase of 1½ per cent over June, when 10,853,795 revenue passenger miles were flown.

W. A. Patterson, United's president, sid that summer vacation travel and new low fares, including half-fares for children, accounted for a portion of the traffic gain.

DIVIDED HIGHWAY AID TO SAFETY

Divided highways, where there are two or more lanes in each direction, reduce the chance for head-on collisions, help pedestrians to cross safely, and lessen the problem of headlight glare by separating the opposing streams of traffic a greater distance.

The higher the speed on such a highway the more important is the separation roadways, for the severity of accidents increases much more rapidly than the speeds.

The section of El Camino Real from Daly City to the cemeteries has proved to be a splendid example of the efficacy of the separation strip. Junipero Serra boulevard will be divided throughout the length of San Mateo County. El Camino Real will be divided as reconstructed from Mission Road to the north limits of Burlingame. Undoubtedly Bayshore highway will be divided as the road is reconstructed.

In the meantime careful driving, adequate lighting, law enforcement and a minimum number of cross roads into this important highway must be depended upon to improve its accident record. — San Mateo County Traffic Safety Commission.

Announcement By Crocker P. T. A.

Those who did not attend the picnic of the Crocker P.T.A. Sew & Sews, Thursday of last week, at Sigmund Stern's Grove missed a grand time. The weather was perfect and the little nook which was given to us as our eating place was one of the prettiest in the park. Both children and grownups had a marvelous time and were sorry to have to go home. Best of all, a great deal of work was accomplished.

The next meeting of the Sew and Sews will be at the home of Mrs. Jordan on Bellevue avenue, on Thursday of next week. Come and have a good time.

As soon as school commences a series of luncheons and whists will be held, as we must stock up our treasury for the work of the coming year.

Surprise Shower For Popular Girl

Miss Eleanor Anderson of Bellevue avenue was the honored guest at a surprise miscellaneous shower given by Mrs. Louise Christiansen at her home on Hanover street, Friday evening of last week.

Miss Anderson is to become the bride of Eugene Syler of San Francisco, formerly of Daly City, sometime the latter part of this year.

The future bride received many useful gifts.

The table was prettily decorated in pink and blue sweet peas. The favors were made of gum drops to represent baskets of flowers.

The guests were Mesdames C. Anderson, C. Colberg, A. Nordgren, A. Bloomquist, R. McDonnel, R. Raney, A. Christiansen, R. Nettle, P. Smith, D. Pazzola, C. Holtberg, Misses Margaret and Eleanor Colberg, Margaret Nettle, Lee Engel, Aurora Holtberg and Frances Anderson.

THIS NEWSPAPER which you hold in your hand is your link with the world around you. It brings an accurate report of events, personalities, and issues in every land to your doorstep daily . . . but it also has a much deeper and more significant purpose. It is your partner in the responsibility of maintaining American freedom. By watching the acts and motives of those whom you have elected to govern you, by opening its columns to the protest of citizens who are dissatisfied, by publishing your opinion and the opinion of your community, it speaks to government in your behalf. Your political voice is your newspaper. Democracy and freedom of the press are one and inseparable. When you support the ideal of a free, untrammeled press, you support the ideal of American liberty. Protect your newspaper—its welfare is your welfare—its freedom is your freedom.

NEW PROJECT IN DALY CITY IS SUCCESSFUL

Supervised Recreation Proves Healthful And Educational To All Classes

Less than eight months ago such a thing as publicly supervised recreation for children and adults was practically an unknown thing in Daly City, but since then great strides forward have been made and extensive improvements are underway to keep the school children, as well as the adults, happily and educationally engaged in all descriptions of athletic sports, sewing, bead work, dancing, dramatics, music and handcrafts during their leisure hours in the "City at the Top of the Hill," the northern entrance to the world famed Peninsula.

WPA Recreational Project was approved just before the last Christmas holidays and now Daly City, through the enthusiastic co-operation of Mayor Selmi and the city council, A. J. Bodien, Richard Crane Jr., superintendent, and the trustees of the Elementary School Board, James Ferguson, principal, and the trustees of the Jefferson Union High School Board, and the Parent-Teachers Associations, and the city at large, can justly claim to have recreation centers comparable to any city its size in California and when the present centers, now undergoing a course of improvement as to facilities, activities and leadership, are completed, it will have a recreation center to be proud of.

Recreational centers have already been established at the Woodrow Wilson, Jefferson, General Pershing and Crocker elementary schools, at the Jefferson Union High School and at Vista Grande Park, while plans are now well under way to open centers at Thornton School and on the property at Acton and Brunswick streets lately purchased by Daly City for park and playground purposes, and to increase the recreational facilities at Vista Grande Park.

For the benefit of those who are not familiar with the recreational program now being carried on daily at the above centers it will be interesting to learn of the advantages now offered to the public, from tiny tots to grandparent, entirely without charge, under the supervision of trained leaders five days of every week from Monday to Friday.

At the Woodrow Wilson School, Theta and Santa Barbara avenues, there is a paved area covering nearly an acre of ground on which there have been established three softball diamonds and two handball courts, in addition to which there is ample room for other outdoor games. There is also a basement room with an area of approximately 2000 square feet which can be used in inclement weather for indoor games such as checkers, dominos, cards and handicrafts.

At the Jefferson School, Market and Alemany streets, a paved area of more than an acre in extent is being utilized for the same purposes and there are two basement rooms covering over 10,000 square feet available when weather conditions are not suitable for outdoor sports.

At the General John Pershing School, located on Hanover street, near Acton, there is a paved playground covering about half an acre and two large basement rooms used for sewing and like handicrafts at all seasons as well as for indoor games when the weather will not permit outdoor recreation.

At the Crocker School, Bellevue near Evergreen avenue, the paved area is used for two basketball and one handball court. At this center there are no inside facilities, but in the very near future it is proposed to erect a large tent at one corner of the playground for the use of the children during the rainy or cold season.

At the Jefferson Union High School, on Mission street near Citrus, the facilities for indoor and outdoor athletics are practically unlimited. Here will be found diamonds for both regular and soft baseball, football field, soccer field, four tennis courts, basketball courts and an oval track for field events. In addition there is a wonderful gymnasium, table tennis room and swimming pool. To enjoy the latter three facilities a charge of 15 cents is made for each child, the one fee covering use of all three facilities.

At Vista Grande Park, at the west end of Parkview avenue, there is a paved playground of about three-fourths of an acre on which are installed swings, rings, teeter boards and other playground equipment for the smaller children and there is also ample space on which softball and other games are played daily. This is on the upper level. On the second level of this park there are horseshoe courts and the construction of tennis courts is a matter to be taken up by the city soon. On the third or lower level there is ample room for both a soft and regular baseball diamond; while on the fourth level, down in the gulch, it is proposed to construct a rifle range. This location, like that at the Crocker School, has no indoor space for recreation, so it proposed to erect a tent for temporary use until a building can be constructed.

Aside from cleaning off and leveling, little work has been done on the recently acquired property at Acton and Brunswick streets, but it is believed this area will be in shape for recreation before winter sets in.

In addition to the above there are four horseshoe courts at Los Olivos and Los Banos avenues, which are lighted for use at night.

Parents should have no hesitancy in sending their children to any of the play centers, as men and women leaders are in charge to supervise the play and teach the children different handicraft arts and games.

Officials of Daly City are so thoroughly in accord with this PWA project they are acting as co-sponsors and have appointed a recreation committee composed of Messrs. Paul E. Selmi, mayor of Daly City; James Ferguson, principal of Jefferson Union High School; Richard Crane Jr., superintendent of Jefferson Grammar School District; Mrs. M. Boyle and Mrs. A. M. Eason, all of whom are enthusiastic supporters of supervised recreation, to co-operate with the WPA officials and leaders in charge.

The citizens of Daly City are to be congratulated on having officials who are so public minded and it confidentally believed that before long our community will be pointed to as an example o fa perfect recreational city.

Mr. and Mrs. A. De Ram and daughter Alice of Miriam street left, Wednesday of this week, for a ten days vacation to be spent motoring north to Portland.

Mr. and Mrs. De Ram returned, the early part of this month, from Belgium, where they spent several weeks visiting relatives.

NEXT DRAMATIC PRODUCTION FOR LOCAL THEATER

Written As Starring Vehicle For Feminine Star At Alcazar

"Alien Corn," written as a starring vehicle for Katharine Cornell, will be the next dramatic production staged by the Federal Theater in its San Francisco Alcazar. The play opens Monday, August 22, for a two weeks run. "The Milky Way," which is filling a two weeks engagement at the Alcazar, closes Saturday night and opens in the Twelfth Street Theater in Oakland, Monday night, August 22.

"Alien Corn" was written by Sidney Howard and when first produced was one of the outstanding successes of the great Cornell's career. The San Francisco production will have an excellent Federal Theaters cast and will be directed by Beverley Wright, brilliant young director formerly associated with Max Reinhardt in his Berlin and Vienna theaters.

Fire Laddies And Families Have Picnic

A caravan of motor cars, led by a car and trailer loaded with eats and liquid refreshments, wended its way to Memorial Park in San Mateo County, Sunday of this week, where the members of Company No. 5 of the local fire department, and their wives and families, enjoyed their annual picnic and outing.

The afternoon was spent in swimming, playing ball and horse shoes, and races for adults and children.

A large attendance made the day, which was ideal as to weather,—a complete success.

All returned home safely, with no accidents, and are already planning for next year's affair.

ICE CREAM ECLAIRS
(Contributed)

1 quart caramel, vanilla or chocolate ice cream
8 eclair shells
1½ cups caramel or chocolate sauce

Cut shells in halves, lengthwise, and fill with ice cream. Replace tops. Pour over each 3 tablespoons of caramel or chocolate sauce.

Caramel Sauce

2 cups granulated sugar
1 cup boiling water
3 tablespoons thick cream
½ teaspoon vanilla

Melt sugar in heavy pan over low heat until melted and golden in color. Stir constantly. Add hot water slowly, stirring until thoroughly blended. Continue cooking until a medium syrup is the result. Remove from heat and stir into syrup the cream and vanilla. Cool slightly. This recipe makes 1½ cups of sauce.

Chocolate Sauce

2 squares chocolate (unsweetened(
3 tablespoons butter or substitute
½ cup granulated sugar
½ cup water
⅛ teaspoon salt
2 teaspoons vanilla
2-3 cup coarsely chopped nuts

Melt chocolate and shortening over low heat, stirring all the while. When melted stir in the sugar, the water and the salt. Cook until a syrup of desiired consistency is formed. Remove from fire and stir in the flavoring and the chopped nuts. Serve hot or warm. Makes 1½ cups of sauce.

BLANKETED PIGS
(Contributed)

2 cups flour
2 teaspoons baking powder
½ teaspoon salt
4 tablespoons fat
½ cup milk (about)
8 frankfurters

Sift the dry ingredients together. Work in shortening. Add milk to make a medium soft dough. Roll out on floured board about ⅛ inch thick and cut into 4 inch squares. Partially saute the frankfurters in iron skillet, using bacon fat for frying. Wrap the squares of dough around the frankfurters. Place on lightly greased broiler rack and broil until nicely browned. This recipe will serve 4 people, allowing two "pigs" to each person.

DELICIOUS SANDWICH SPREAD
(Contributed)

½ can corned beef (standard size)
6 tablespoons minced sweet pickles
2 teaspoons minced onion
1 teaspoon prepared mustard
2 ounces sharp grated cheese (4 tablespoons)
1 tablespoon mayonnaise
Salt and pepper to taste

Cream the mayonnaise and cheese together. Add the beef and other ingredients. Spread on half slices of buttered whole wheat or white bread. Sliced tomatoes and lettuce may be added if desired.

RASPBERRY JAM
(Contributed)

1 quart berries
1¼ cups sugar

Pick over berries and wash in a colander, by gently pouring the water over them. Crush the fruit and boil for about 15 minutes. Add the sugar, previously heated and stir constantly. Continue boiling for five more minutes. Time should not be counted until full rolling boil is reached. Fill jars at once and immediately cover with paraffine.

Christian Science Lesson Sermon For Next Sunday

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, August 21, on the subject "Mind."

The Golden Text will be: "Behold, God is mighty, and despiseth not any: he is mighty in strength and wisdom" (Job 36: 5). Bible selections will include the following passage from Romans 11: 33, 34, 36: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For who hath known the mind of the Lord? or who hath been his counsellor? . . . For of him, and through him, and to him, are all things: to whom be glory for ever. A-men."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "Divine, metaphysics, as revealed to spiritual understanding, shows clearly that all is Mind, and that Mind is God, omnipotence, omnipresence, omniscience, —that is, all power, all presence, all Science" (p. 275).

WOODROW WILSON PARENT TEACHERS

The Woodrow Wilson P. T. A. executive board met at the home of the president, Mrs. Louise Lafton, on Santa Barbara avenue, Wednesday afternoon of this week. The program and budget were planned for the coming year.

Cards and refreshment followed the meeting. Those present were Mesdames L. Thomey, M. Linden, N. Semmens, P. Jones, E. Sorg, M. Stegeman, A. Heath, A. Christiansen and Grace Hill.

There will be an afternoon whist given at the home of Mrs. Pearl Jones, 368 Vista Grande avenue, August 31, at 2 o'clock.

'Shock Absorbers' on Chinese Buildings

This photo, taken from Honan Island, which was recently razed by Japanese bombing planes, shows the Central Bank branch in Canton, still standing in the midst of desolation. TOM KANE FOR CONTROLLER

Tos. J. (Tom) Kane, a candidate for County Controller, has been a resident of the county for the past 18 years and was formerly manager of the Regent and San Mateo Theaters in San Mateo and for the past nine years manager of the Sequoia Theater in Redwood City.

He is married and has four children and now resides in Redwood City.

Mr. Kane states, that if elected, he will conduct the affairs of the controller's office in an up-to-the-minute manner with the latest improvements in bookkeeping methods.

New Rolison Club Formed At Redwood

Confidence that County Manager Ernest A. Rolison will be returned to office in the August 30 primary election was expressed this week by his supporters as another club to promote his campaign was formed and he issued a statement designed to clarify reports about the managership which were reported being circulated.

The new club was formed in Redwood City, composed of 50 women. Named president was Mrs. A. S. Kalenborn, former dean of girls at Sequoia High School and at present the president of the Redwood City Library Board of Trustees. Mrs. Alma E. Cain was elected secretary.

At the organization meeting, Mr. Rolison spoke briefly of the manager type of government, which has been gaining rapidly in important cities and counties throughout the world. He described the system as one "which makes of government a business and eliminates politics," bringing out the connection of the widely discussed Hollerith accounting machine with that conception of government. He compared modern bookkeeping methods and the old system with the modern automobile and the horse and buggy.

"The horse and buggy were sufficient to get you there, and probably cost less than the present automobiles, but the automobile affords so much more convenience there can be no question of its superiority," he explained.

A Resolution Ordering Sale Of School Building And Giving Notice Thereof

WHEREAS, in the judgment of this Board of Trustees of the Jefferson School District, an Elementary School District of San Mateo County, California, that certain school building, described as that certain two-story frame building known as the "Old Vista Grande School Building," located at 6666 Mission street, Daly City, California, is no longer needed for school purposes, or other public use by said District;

CLIMATE MAKES WIDE AREA OF LIMITS OF CITY

Chamber Of Commerce Survey Draws Parallel Between Los Angeles And Hawaii

The City and County limits of Los Angeles are so farflung that it is often jokingly said they include Honolulu. This is no joke to the Los Angeles Chamber of Commerce, which is doing everything in its power to bring the Hawaiian Islands, if not within the city and county limits, at least within the county's commercial orbit. To this end the chamber has issued a revised edition of Stanley T. Olarson's survey of the Territory of Hawaii, a digest of merchandising facts of the chamber's department of foreign commerce and shipping. He points out the obvious affinity between Honolulu and Los Angeles when he remarks that the climate of Hawaii is more like that of southern California than any other part of America, and that for this reason much merchandise manufactured in Los Angeles County has a decided advantage in being specifically adaptable to the Hawaiian trade.

Los Angeles merchants are not the only persons who can learn much about the Islands by skimming through the book. It will be easier for a San Franciscan than for an Angeleno to comprehend a situation where, as in Hawaii, 85 per cent of the peopel live within three miles of the seashore. The City of Honolulu contains more than a third of the total population of Hawaii.

One buying unit, the United States Army, spends approximately $25,000,000 a year in Honolulu. In one of the largest post exchanges of the United States Army, located at Schofield Barracks, 20 miles from Honolulu, annual retail sales total $1,500,000. Other big buying and selling units are the plantation stores scattered through the islands and operated by five large concerns. Plantation managers requisition their requirements through these big sugar concerns in Honolulu and orders are then transmitted to buying offices maintained in San Francisco. It is a trade arrangement which probably has no exact parallel anywhere else, and which smacks of the old days of gigantic tradjng companies and romantis South Seas commerce.

Food requirements of the Islands, strangely enough, are filled largely by shipments from the mainland; the Islands produce only 8 per cent of their needs. This dependence became apparent at the time of the last Pacific Coast shipping strike. Strikes or no strikes, Los Angeles is out to capture more of the attractive Hawaiian market for mainland products, which is estimated at $100,000,000 yearly.

But there are striking differences, as well as obvious similarities, between southern Caliornia and the Islands, and anyone who trades with Hawaii has to take these differences into consideration. For example, Hawaii consumes 200 pounds per capita a year of rice, as compared with only six pounds on the mainland. It consumes only 225 pounds per capita a year of vegetables as compared with 1000 pounds on the mainland. It consumes only 83 pounds per capita a year of wheat flour, as compared with 165 pounds on the mainland. It uses only nine pounds per capita a year of butter, as compared with 18 pounds on the mainland. It consumes only 70 pounds per capita a year of all dairy products as compared with 350 pounds in the United States. These striking differences in diet are reflected in the nature of the trade between the Islands and the mainland.

Found Out Brakes Needed To Be Fixed

The brakes did need fixing and how! Henry Merkord, 39, a Germania mechanic of New Jersey, is suffering a broken leg on account of it.

The brakes on a customer's car weren't quite adjusted and to test them Henry told Herman Baulig of Egg Harbor to get in the car and drive the car toward him and, when a few yards away, to slam on the brakes.

This request the customer complied with—and Merkord went to the hospital.

Court Ruling On Liability

A ruling by the U. S. Circuit Court of Appeals recently cleared a bonding company of liability in the death of a passenger in an automobile whose owner had entered into an agreement with the passenger to share the expenses of a trip.

The court ruled in effect that the agreement virtually constituted a rental of the car in question.

The case grew out of the death of Chris Jensen, Federal Land Bank appraiser, whose sons sued Peter P. Hanson, driver of the car in which Mr. Jensen was killed, and the Canadian Indemnity Co., which insured Mr. Hansen.

Angered Townspeople Throw Strike Pickets In Mill Pond

Pickets from six strike-bound stores in Rochester, Mich., were recently thrown in a mill pond and chased from the town by angered citizens. This unusual procedure is the latest development taken by the public to stop strikes. Photo shows a picket being escorted from one of the stores to the mill pond, where he was ducked after the fashion of Puritan settlers of the New England colonies.

It Is News When Mosquto Bites King

King George and Queen Elizabeth stopped off at Gannochy, Scotland, this week, to be the guests, for two or three days, of the American financier, J. Pierpont Morgan, and engage in some grouse shooting.

However, a mosquito bite near one eye, caused the king some difficulty, delaying the hunt a day.

BOY BREAKS LEG

George Smith, aged 12, son of Supervisor and Mrs. H. H. Smith of Los Olivos avenue, is a patient in Mills Memorial Hospital in San Mateo.

The youth sustained a broken leg, Saturday of last week, while with a group of friends in the fire house near the Clift House. He was given first aid treatment at the Alemany Hospital and was later removed to San Mateo, where the injured member was set.

His many young friends wish him a speedy recovery.

Stamps Come In Stamps Go Out

Stamp collectors have been advised by the Post Office Department that the olive-colored, eight cent Van Buren stamp, one of the Presidential series, went on sale August 12 for the first time.

Ten stamps, composing the commemorative Army-Navy series of 1936-37, will be withdrawn from circulation soon. These stamps range in denomination from 1 to 5 cents.

President's Son In Broadcast Company

President Roosevelt's son, Elliott, together with Harry A. Hutchinson and Raymond E. Buck, were granted a charter by the state of Texas, recently, under the company name of the Texas State Network, Inc., at Fort Worth. It is a broadcasting company incorporated by young Roosevelt and his two partners.

The firm proposes to operate 23 Texas stations tied in with 108 stations of the Mutual Boradcasting Company.

Says He's Sorry But Will Pay Up

Apologetically, Carlton Steiner wrote a note to Berkeley police. He was sorry, he said, that he had failed to appear in court to face speeding charges, but he was on a trip.

The letter was postmarked London, England. Mr. Steiner's conscience troubled him, he said, and he'll pay up when he returns.

Hobson Wedding Recalls Heroism

It was a quiet wedding ceremony performed, Tuesday of this week, at Elkton, Maryland, made glamourous by the name Hobson, for the bride was Miss Lucia Houston Hobson, daughter of the late Rear Admiral Richmond Pearson Hobson, Spanish American war hero.

The groom was Lieutenant William Earle Dodge Stokes Jr., U. S. N., retired. He is a lawyer and geologist, member of New York's Union Club and the New York Yacht Club. He is the son of the late William Earle Dodge Stokes of the metropolis city.

Will Soon Rule On Bridge Reduction

Decision on reduction of tolls on the Carquinez Bridge may be made next month, Chief Justice William H. Waste of the State Supreme Court indicated early in the week.

The decision will determine whether bridge users will be granted a refund on receipts for "possible-excess" tolls they've been paying.

Given Ticket For Drunken Driving

Free on $50 bail, Jerry Starkey, 33, 137 Leavenworth street, San Francisco, will appear before Justice of the Peace Wade H. Clay August 19 on charges of drunken driving.

The automobilist was cited by Patrolman W. G. Stimmann on El Camino Real near Tanforan last Saturday afternoon.

Annual Sunday School Picnic

The annual Sunday School picnic of the Church of the Nazarene will be held Saturday, August 20. All members of the Sunday School and their families are invited to attend.

The group will meet at the church at 9 a .m. The place for the picnic is at the Cypress grove five miles down the coast. Bring your lunch.

Colma News Notes

Mr. and Mrs. H. L. Remington and family and Mrs. Ray Lagomarsino spent Sunday visiting friends and relatives in Stockton.

Mr. and Mrs. Hollingsworth and daughter, Muriel, have gone on a vacation tour of Canada.

Mr. and Mrs. Frank Heinzel had a pleasant trip to Patterson, Sunday, visiting friends.

Miss Inez Benassini, assistant postmaster at the Colma post office, is spending a two weeks vacation with relatives in Los Angeles.

Nick Perata has returned from the Hawkins Bar CCC camp, north of Redding, and many interesting stories are told about his experiences and the work this camp is carrying on.

A. J. Gaggero attended the Bay Counties Peace Officers Association meeting and banquet, held on Wednesday, at the historical Sleepy Hollow mansion of the pioneer Hotaling family in San Anselmo.

The following members of the Colma Volunteer Fire Deparement have completed the course given by the first aid school conducted by the department: Romeo Raggio, Walter Riccomi, Colombo Benedetti, Roy Franzoia, Louis Nannini, Ray Guisti, Leslie Balestra, Carl Grossman and P. L. Petersen. Final examinations were held on Thursday evening and those passing will be awarded a diploma.

Milton and Lawrence Petersen, Gus Lager, Louis Wohlers and George Rackey spent last Monday fishing from Mr. Wohler's cruiser in the vicinity of the Marin Islands, San Pablo Bay, and returned with eight good sized fish, the largest of which weighed 18 pounds, to prove their fishing prowess.

Mr. Graziani and family, Mr. Bertini and family and Mr. Cattori and family spent a very enjoyable day at Searsville Lake, last Sunday.

George Krehl and Otto Schramm motored to the Russian River, last Sunday, and spent an enjoyable day with friends.

The members of the Colma Unit P. T. A. wish to thank the friends who participated in making their monthly whist the enjoyable and successful affair that it was.

Writes Script With New Angle

"Write me a play with just one original character and I'll buy it," stated the producer.

"That's easy," said the playwright. "I'll have the hero make a hole in one and then give the golf ball to his caddy as a souvenir."

"Splendid!"

"In the second act his watch will stop; and when it refuses to run, he will neither shake it nor open the case to see if he can fix it."

"Capital!"

"In the third act he'll get married."

"That's the hackneyed ending."

"He'll get married; but when he buys the furniture for his home I'll have him pay cash for it."

"Wonderful!"

"EASILY MENDED"

In the present diplomatic circles in Washington is a delightful woman whose English is still French. She was urging an officer of the Navy to attend the President's birthday ball, an invitation which he had already declined.

"I can't. I have burned my bridges behind me."

"Oh," she replied, "I will lend you a pair of Henri's."

ROLISON QUALIFIED COUNTY MANAGER

Ernest A. Rolison, Incumbent candidate for County Executive has a successful record comprising 16 years as a city manager in three California cities. Redding, Redwood City and Santa Barbara. Previous to that he was a civil engineer with offices in San Francisco. He was born in Sutter County, California, and has been a resident and taxpayer of San Mateo County for the past 9 years.

The Federal Government selected Mr. Rolison as chief engineer of the Rural Electrification Division, a post which he resigned to become county manager of San Mateo County.

During the short time he has been in office, only a year, Mr. Rolison has already saved the county $40,000 by doing away with political patronage and introducing besiness methods. He saved taxpayers another $6500 by combining the positions of publicity director and purchasing agent with that of Executive.

Your vote for this capable executive will enable the county to again operate on a business basis. This advertisement made possible by the Rolison for Manager Club, 1211 Burlingame Avenue, Burlingame. Phone Burlingame 3329 .

RIDE FOR LESS ON BRIDGE BUS

It has been announced that a drastic slash in transbay bridge bus fares will go into effect simultaneously with the beginning of the bridge's electric railway service.

This decision was reached at a meeting between city attorneys of eight East Bay municipalities, Chief Attorney Charles H. Purcell of the State Board of Public Works, and Attorney Florence M. McAuliffe of the Toll Bridge Authorities, held in San Francisco on Tuesday evening.

State officials assured the attorneys that an adjustment would be made to reduce the bridge toll on buses, which now average 7 cents per passenger, to the 2½ cents per passenger it will charge the train companies.

The bus companies have indicated this saving will be passed on to the public.

AN OLD AMERICAN SLOWLY VANISHES

"Yes," sighed Col. H. P. Sheldon of the Bureau of Biological Survey, "the machine age has had a lot to do with the disappearance of this once familiar figure." The personge referred to was the old-fashioned scarecrow.

A sort of survey on the scarecrow subject shows that inventors have worked out a lot of devices that scare the crows on a mass production basis.

The acetylene gun, which goes off periodically with a flare and a bang, is one of them. Revolving lights and tree tinklers are others.

"And," the Colonel added, "some people have said that during the depression a lot of folks went out to their fields and took back their clothes."

The automobile by the blasts of its horn terrifies the birds in all the country side as it drones its way along. That tends to make the scarecrow unnecessary.

Then there is the growing practice of putting tar—which crows don't like—on seed corn.

The bird is so smart that he can tell a hoe handle from a gun, the expert said, and it doesn't take long for a young crow to figure out that there isn't much man in a battered hat and flapping sleeves.

"However," the Colonel added, "I'd say the main reason is that the crow has gotten wise to the scarecrow ruse—he just isn't scared any more."

By buying at home you stimulate the progress of your community.

Ex-Convicts Seized As Kidnapers Of Two

Capture of two ex-convicts, Otis Jones Meredith, 21, and John Couch, 23, near Effie, Minn., was announced by the Federal Bureau of Investigation. The men were arrested by Federal agents for the kidnapping of Miss Peggy Gross and Daniel Cox Fahay Jr. of St. Louis. Officers said the ex-convicts apparently kidnaped Miss Gross and Fahay in St. Louis merely for the use of their car to flee the St. Louis area, where they were "hot." The victims were found near Champlin, Minn., bound with wire and gagged. Meredith was seriously wounded as he attempted to elude officers. Photo shows Miss Gross and Fahay.

Well Qualified For Treasurer

Economy does not necessarily mean curtailment of activities nor impairment of service, according to Al Sagehorn, county treasurer. Efficiency is the determining factor between thrift and waste.

The work of the treasurer's office is similar to the work in banks, both in the handling of funds and negotiable instruments as well as matters pertaining to estates of deceased persons in which the county treasurer represents the State Controller.

During his banking career of more than twenty years, eighteen in an executive capacity, Sagehorn received training and experience especially suited to the office of county treasurer.

DRUIDS WHIST

Hillcrest Circle No. 143, Ancient Order of Druids, will hold a monster whist party, Monday evening of next week at Masonic Hall.

Madame V. Lombard and her daughter, Mrs. Madeline Fellows, will be in charge of the game. They promise many fine awards.

Motor Vehicle Fees Apportioned

Aportionment of motor vehicle fees to cities for the second quarter of 1938, announced this week by the Department of Motor Vehicles through the office of Governor Frank F. Merriam, show Daly City will receive $300.62.

At the same time it was announced that $1044.84 had been allotted to San Mateo County for the second quarter of the year.

Total apportionment to counties for the second quarter reached $76,633.44 while aportionment to cities totalled $153,266.87.

WE THOUGHT IT WAS NONSECTARIAN

A friend has just brought home a vacation story from Washington, D.C.

"We were standing on the steps of the Supreme Court building," he states, "when two lady sightseers came out and one of them shouted to the other: "Come on, let's go over and see the Congregational Library!"

MORE MEN GO BACK TO JOBS

Thousands of men were called back to work and 1260 families were withdrawn from the welfare rolls during the last few days in industrial Detroit, and its economic barometer moved at quicker tempo as the automotive plants prepared for production of 1939 models.

United States Rubber Company executives said telegrams had been sent to more than 700 workmen calling them back to their jobs.

The General Motors Corporation, it was said, had started production in its parts plants for 1939 assemblies and that all units in the Detroit area would be in operation by the middle of September.

Ford Motor Company resumed steel production. Three hundred men went back to work on Ford Steel.

KNIGHTHOOD AND A LADY FAIR

"I DUB THEE KNIKHT"— Ian Hunter, as King Richard, rewards his faithful subject Robin Hood (Errol Flynn) with knighthood and a lady fair, Olivia de Havilland, in the Technicolor "The Adventures of Robin Hood." At Daly City Theater next Sunday, Monday and Tuesday.

'ROBIN HOOD' IN TECHNICOLOR

Within a big, blue-coated metal box, which is, roughly, the size of a small dog kennel, occur the processes that record motion picture action scenes in actual color.

The technicolor camera of 1938 represents the third ripened achievement of a group of original patenters who in 1914 began their labors to make natural color possible on the screen, instead of black and white; which, all in all, unconsciously conceals or only half succeeds in presenting, many of the realities of action, background and costume which strike one's attention so vividly when rendered with color fidelity.

The original technicolor process reached the high spot of its formative development in 1924, when Douglas Fairbanks used it in "The Black Pirate." The technicolor two-color process, which is now outdated by the highly developed three-color camera, reached the pinnacle of its limited power in 1929 and 1930 when Warner Bros. producted two great hits in the two-color medium, "On With the Show" and "Gold Diggers of Broadway," while Eddie Cantor's "Whoopie" was also being made.

Since 1932 the three-color process has wholly supplanted the out-dated two-color. Three -color movies were ushered in 5 years ago by Walt Disney's cartoon hits "Flowers and Trees" and "Three Little Pigs," followed in 1933 by the two-reel singing short " La Cucaracha."

The current climax of three-color success is provided by the lavish Warner film. "The Adventures of Robin Hood," starring Errol Flynn and coming to the Daly City Theater, Sunday, which in a way is movie history repeating itself, for the two smash hits of the preceding technicolor reign of success were as mentioned, two other Warner films, "On With the Show" and the original "Gold Diggers" musical comedy.

SELL SCHOOL BONDS SAN MATEO COUNTY

The San Mateo County Board of Supervisors, this week, awarded the $80,000 Half Moon Bay Union High School bond issue to the firm of Blyth & Co., Inc., on its bid of 3¼ per cent interest and a premium of $125.

The bonds run for 20 years.

CROSBY ACTIVE ON CAMPAIGN

With civic leaders throughout the Peninsula lending support to his candidacy, Coroner William Crosby is waging an active campaign for re-election to the San Mateo County post he has held for the past four years.

During his term of office Crosby has reorganized his office to include pathological and toxicological departments and a photographis record of cases where violent deaths have occured.

He was recently elected to the vace presidency of the California Coroners Association.

He was appointed Coroner and Public Administrator four years ago by the San Mateo County Board of Supervisors when his predecessor's term of eight years had expired. Recent charter amendments now make the post elective.

Coroner Crosby held the national eye two years ago when he conducted the probe of the airline crash in San Francisco bay which claimed the lives of eleven persons.
